

This is a short letter. Start at the midpoint with a short down line to 8 on the clock, round from 8 to 4 touching the baseline, continue up with a straight line to the midpoint, and retrace a straight line down to the baseline.

This is a short letter. Start at the midpoint, slant a straight line down to the baseline in the direction in which we write. Then slant a straight line up to the midpoint.

This is a short letter. Start at the midpoint and slant a straight line down to the baseline. Slant a straight line up to the midpoint; slant a straight line down to the baseline, then slant a straight line up to the midpoint.

This is a short letter. Start at the midpoint and slant a line straight line down to the baseline. Slant the first line in the direction that we write. Lift the pencil and start at the midpoint. Slant a straight line through the middle of the letter down to the baseline.
